CHOICE MICHIGAN GROWN BULBS

A WORD ABOUT THE BULB SITUATION

Owing to the war conditions in Europe it now appears that the usual supply of imported Dutch Bulbs will not be available this season, hence the delay in issuing our price list. However, we were fortunate in securing the entire output of the "Van Bragt Bros. Tulip Farm" of Holland, Michigan, famous for its Tulip Festival.

The quality of these bulbs is A-1 in every respect and equally as good as the imported bulbs of the same sizes. They were inspected at blooming time and also during the harvesting season. We highly recommend this stock. We feel that under the circumstances it will pay you to send in your order at once as good bulbs are scarce and, although our supplies are ample, the demand will no doubt be heavy and stocks cannot be replenished.
